

WOMAN A REAL MOVIE HEROINE

Stops Train and Rescues Man Who Was Thrown on Tracks When He Touched Live Wire.

INDIANAPOLIS, July 10.—Julius E. Farmer of this city was in jeopardy twice in 10 minutes and twice saved from death here Wednesday, a woman playing the part of heroine in true melodramatic style by flagging a Big Four train with her apron.

Farmer, who is light trimmer for the Indianapolis Light & Heat Co., was going his rounds when he found a cable, carrying 3,000 volts snapped in two by the storm Tuesday night. He started to throw one end up on a pole, despite the protests of Mrs. Anna Schultz, near whose home the wire was broken.

"I'll take hold of it by the insulation—that's safe," replied Farmer. "If some child should touch that it would be certain death."

At that instant Farmer's talk was cut short by the shock and he was hurled 20 feet to the Big Four tracks. Mrs. Schultz saw the train bearing down on Farmer and waving her apron as she ran, rolled the man off the tracks just as the train came to a stop.

Another neighbor, attracted by Mrs. Schultz's scream, ran for a doctor and by the time the police arrived, Farmer was able to sit up. He refused to be taken to a hospital.

"I've got a horse and buggy down in the next block," said Farmer, "and I guess I'll drive that home."

A bandaged little finger, which was burned, was the only sign to show for his experience. He returned to work later in the day.

HAIL STORM DOES DAMAGE IN OHIO

Greenhouses Are Principal Sufferers and Loss Is Estimated at Around \$20,000.

COLUMBUS, O., July 10.—A terrific rain and hail storm swept parts of Columbus and Franklin county Wednesday afternoon, breaking plate glass by the hundreds, destroying many greenhouses in the city and doing great damage in the country.

Every glass was broken in many greenhouses, one concern alone suffering \$20,000 damage to its place on the south side.

In that locality hailstones as large as walnuts were shoveled up after the rain which lasted less than ten minutes. Fruit trees were stripped bare and truck farms were shorn of the growing crops.

REV. HENRY L. DAVIS LEAVES ON VACATION

Rev. Henry L. Davis, pastor of the First M. E. church, left the city Wednesday morning to spend a three week vacation with friends and relatives at Crawfordsville and Indianapolis, Ind. His wife and children left the city about a week ago and he will join them at Indianapolis.

Rollo C. Pifer, assistant to the pastor, will return Thursday afternoon from his vacation, spent at William's Bay, Wis., where he attended Y. M. C. A. work. During his absence Miss Cora Hill, 514 Rush st., has been filling his position.

HERE IS A TIP; TRY SOUTH BEND

Newcastle Man Has That Lonesome Feeling and is Anxious to Become a Married Man.

RICHMOND, Ind., July 10.—Lawrence Van Buskirk, who was a candidate for mayor of Newcastle, being defeated by his cousin, Geo. Barnard, is in search of a wife. Van Buskirk was told at his former home, New Lisbon, Ind., that the prettiest girls in Indiana lived in Anderson and Richmond. He first went to Anderson and searched and advertised in vain for a better half. Failing there, he came to Richmond Wednesday and intends to stay here until he finds the only girl.

"On July 29 I will be 30 years old. If I am not married by that time I will be a full-fledged bachelor," said Van Buskirk when he entered a newspaper office here today to insert an advertisement for a wife. "I want to get a good woman to spend my money on before my next birthday. I like blondes the best, but the Mrs. Van Buskirk does not have to be a blonde."

Van Buskirk recently was kicked by a horse. After his recovery he said he had a "funny, lonesome feeling," and his friends advised matrimony as the only remedy.

FOUR MEN INJURED DURING STRIKE RIOT

Imported Workmen and Electrical Workers Meet at Lexington and One May Die.

LEXINGTON, Ky., July 10.—One man was seriously and three others slightly injured here Wednesday in a clash between the striking linemen of the Kentucky Utilities Co. and the imported employees of the company. A broken wire brought the repair men of the company to the center of town and when William Bell of Chicago had climbed the pole to repair the wire, a crowd of strikers and sympathizers rushed the outfit, pulled Bell from the pole and started a general fight. The company's men fled and rushed to a hospital where his condition is pronounced critical. The police have appealed to the county sheriff for aid, admitting that the situation is beyond their control.

Higher wages and better working conditions are asked for by the strikers.

DR. F. E. CLARK IS RETAINED IN OFFICE

Christian Endeavor Convention Opens at Los Angeles With 13,000 Present.

LOS ANGELES, Cal., July 10.—With nearly 13,000 delegates attending from all parts of the christianized world, the 26th annual Christian Endeavor convention opened in Los Angeles Wednesday night.

The election of officers Wednesday afternoon was perfunctory. Dr. Francis E. Clark, founder of the society, was unanimously re-elected president.

"We expect to keep Dr. Clark at the head of the Endeavorers as long as he lives," said Secretary Wm. Shaw of Boston.

Shaw and the other officers were re-elected.

FIGHT OVER ROW OF BEANS CAUSES DEATH

Man Not Aware That He Has Killed Wife Continues Shooting at His Neighbor.

ANADARKO, Okla., July 10.—D. A. Dodgington, accused of the murder of his wife and the wounding seriously of a neighbor, Benjamin Robinson, is lodged in the county jail here Wednesday night.

It is said that in a dispute over the ownership of a six foot row of beans at his home near Carnegie, Okla., Wednesday, Dodgington shot at S. Jones, who also claimed the beans. The bullet is said to have struck and killed Mrs. Dodgington, standing 30 feet away.

Dodgington, unaware of this casualty, then is declared to have emptied his revolver at Jones, this time severely wounding Robinson.

Dodgington surrendered.

CHARLES PICK FIRST AT CENTURY MARK

Englishman Starts After Being Signed by Big Fellows and Goes to Front of League.

Charley Pick, Terra Haute's scrappy far sacker, has the honor of being the first to reach the century mark as regards safe hits. According to the records in "Louie" Hellerbroner's office, the Terrier infielder clubbed out his 100th base hit on Monday, when he made the second of three safe wallpops garnered during the encounter with Evansville.

Until about two weeks ago, Pick was not regarded as a contender for honors along this line, but he has been coming hard of late and now ranks among the leading swatters of the half dozen club circuit. Ever since Pick was announced as a candidate for the majors, he has been landing on the ball for a couple of hits nearly every day.

Tutwiler of the Billikens, and Stewart of the Reapers, until a few days ago leaders in the chase for the century mark, are still outside the select circle. Both are within easy reach of the mark and will be there in a few days.

BALKAN SITUATION IS A MERRY PUZZLE

One Correspondent Reports Numerous Battles While Other Says All is Quiet.

LONDON, July 10.—Out of the welter of conflicting stories from the Balkans battlefields it is almost impossible to sift the truth. This was markedly illustrated Wednesday night, a dispatch from the Daily Telegraph correspondent at Uskup, dated Tuesday night, reporting that there had hardly been any fighting in the last few days while Belgrade dispatches reported further Serbian victories, the latest advices from the Serbian capital asserting that all the Bulgarians who had invaded Serbia had been driven back across the frontier.

There seems to be little doubt that Gen. Ivanoff's army is steadily retiring before the victorious Greeks, and it is reported that the Bulgarians have evacuated Kavala, where the Greek fleet is operating and Dedeagach.

EXTENSION IS BEING ADDED TO RIVER DAM

In order to provide more efficient water power for the industries along the St. Joseph river the dam between Jefferson boulevard and Washington

av. is receiving an extension of 72 feet and is being generally improved. The five large flood gates at the west side of the river are being replaced by cement aprons which will provide for a more rapid flow of water than is now possible.

The entire structure will be greatly reinforced, and the old wooden portion will be completely covered with cement. The dam, when completed, will be one of the strongest and best in the state. Although a large force of men are engaged it will take at least three weeks to complete the work at an expense which is estimated at about \$5,000.

TWO ARE RELEASED.

LEAVENWORTH, Kas., July 10.—Michael J. Young of Boston and Charles Wachmeister of Detroit, convicted at the dynamite conspiracy trial at Indianapolis, were released from the United States penitentiary on bonds.

Only ten of the 33 men brought here from Indianapolis, Jan. 1, now remain in prison.

DOES MUCH DAMAGE.

ROCHESTER, Ind., July 10.—Estimates made Wednesday of the damage done in Fulton county by Tuesday night's storm reach a total of nearly \$50,000.
